

NEET UG 2026 Maharashtra MBBS Admission Guide

SCORE-WISE CHANCES • GOVERNMENT, PRIVATE & DEEMED COLLEGES • COUNSELLING
PROCESS

A Practical Planning Reference for Students & Parents

COUNSELLING BODIES

MCC vs. State CET Cell — What's the Difference?

Understanding which authority controls which seats

Point	MCC Counselling	State CET Counselling (Maharashtra)
Full Form	Medical Counselling Committee	State Common Entrance Test Cell
Controlled By	DGHS, Ministry of Health & Family Welfare, Govt. of India	State Government (Maharashtra CET Cell)
Level	All India	State Level
Main Purpose	All India Quota + special institutions	State quota admissions
Applicable Colleges	AIIMS, JIPMER, Central Universities, Deemed Universities, 15% AIQ seats	State Govt., Municipal & Private colleges
Domicile Requirement	Usually not required	Usually required for state quota
Seat Allocation	Based on NEET All India Rank	Based on NEET rank + state eligibility

What MCC Counselling Covers

1. 15% All India Quota (AIQ)

Government medical college seats across India, open to candidates from any state. E.g. a Maharashtra student can get a government MBBS seat in Karnataka, Rajasthan, Delhi or Gujarat through AIQ.

2. Deemed Universities (100% seats)

Includes DY Patil Vidyapeeth, Bharati Vidyapeeth, Datta Meghe (DMIHER). Maharashtra domicile is not required — everyone competes on NEET AIR.

MCC rounds typically run as: Round 1 → Round 2 → Round 3 → Stray Vacancy Round.

What Maharashtra State CET Cell Covers

- **Government Medical Colleges** — e.g. GMC Mumbai, BJ Govt. Medical College Pune, GMC Nagpur
- **Municipal Colleges** — e.g. Seth GS Medical/KEM, LTMMC Sion, Topiwala National (Nair)
- **Private Medical Colleges** — under Maharashtra state counselling

Maharashtra domicile is required for state quota seats; NEET qualification is mandatory; category certificates must follow Maharashtra rules.

Worked Example

Student: Maharashtra domicile, General category, NEET Score 550

Through MCC → can apply for 15% AIQ seats + Deemed universities anywhere in India (competes against all-India students).

Through Maharashtra CET Cell → can apply for Maharashtra Government + Private colleges (separate, smaller competition pool).

Simple Seat Split Example (100 Govt. MBBS Seats)

Route	Share of Seats
MCC — All India Quota	15 seats (15%)
Maharashtra CET Cell — State Quota	85 seats (85%)

Quick Summary — Where to Apply

If You Want	Apply Through
Maharashtra Government MBBS	Maharashtra CET Cell
Maharashtra Private MBBS	Maharashtra CET Cell
Deemed University MBBS	MCC
AIIMS / JIPMER	MCC
Government college outside Maharashtra	MCC (AIQ)

Bottom line: A Maharashtra student should usually register for **both** MCC (for AIQ + Deemed Universities) **and** Maharashtra CET Cell (for Maharashtra government & private colleges).

COUNSELLING FEES

NEET UG 2026 Counselling Fees

Expected amounts based on latest available fee structure — to be confirmed in official notices

MCC NEET UG 2026 Fees

A) Government Colleges / 15% AIQ Seats / Central Universities

Category	Registration Fee (Non-refundable)	Security Deposit (Refundable)	Total
General / EWS	₹1,000	₹10,000	₹11,000
SC / ST / OBC / PwD	₹500	₹5,000	₹5,500

B) Deemed Universities (All India)

Category	Registration Fee	Security Deposit	Total
All categories	₹5,000	₹2,00,000	₹2,05,000

If you plan to apply for deemed universities like DY Patil Pune, Bharati Vidyapeeth Pune, MGM, Datta Meghe or Krishna Institute via MCC, keep approx. **₹2.05 lakh** ready upfront for registration + security deposit.

Maharashtra CET Cell MBBS Counselling Fees

Decided by the Maharashtra State CET Cell; the exact 2026 amount will be announced with the admission brochure.

Candidate	Expected Registration Fee
All categories	Around ₹1,000 (approx., subject to 2026 brochure)

Quick Comparison

Counselling	Used For	Approx. Registration Amount
MCC — AIQ	15% All India Quota Govt. seats	₹11,000 (General)
MCC — Deemed University	Deemed MBBS colleges	₹2,05,000
Maharashtra CET Cell	Maharashtra Govt. + Private MBBS	Around ₹1,000 (expected)

FEE WAIVER SCHEMES

Free / Subsidised MBBS for Girls in Maharashtra

Government Medical Colleges — Open (EWS), OBC/SEBC and SC/ST/VJ-NT categories

Maharashtra government medical colleges (DMER State Quota) already charge very low fees compared to private and deemed colleges. On top of that, several **state government fee-waiver schemes** — applied through the **MahaDBT portal** after CAP admission — reduce or fully waive the tuition fee for **girl students**, depending on category and family income. There is no single scheme called "Free MBBS for Girls" — it is a combination of category-wise scholarship schemes described below.

Important: These are fee-waiver / reimbursement schemes, not a NEET score relaxation. You still need to secure an MBBS seat on merit through DMER CAP counselling; the waiver only reduces what you pay after admission.

Base Government MBBS Tuition Fee (Before Any Waiver)

Category	Approx. Annual Tuition Fee (Govt. Medical College)
Open (General)	₹1,62,100 / year (approx.)
SC / ST / VJ / NT	₹10,000 / year (nominal — already exempted)
OBC / EWS	Same as Open unless a waiver scheme applies (see below)

Figures are approximate DMER-notified tuition fees for state quota MBBS seats; exact 2026-27 fees will be confirmed by DMER at admission. Hostel, mess, exam and other charges are usually not covered by these waivers.

Category-Wise Fee Waiver for Girls

Category	Applicable Scheme	Income Limit	Girls' Benefit	Boys' Benefit (for comparison)
SC / ST / VJ / NT	Dr. Punjabrao Deshmukh / Post-Matric Scholarship (GOI + State top-up)	Generally no ceiling for state top-up	100% tuition + exam fee	100% tuition + exam fee (same for both genders)
OBC / SEBC (Maratha)	Free Education for Girls — EWS/ SEBC/OBC (2024 GR) + OBC Girls Tuition Fee Scheme	≤ ₹8 lakh/year	100% tuition + exam fee	50% tuition + exam fee (EBC scheme, income-based)
Open — EWS certificate holders	Rajarshi Chhatrapati Shahu Maharaj Shikshan Shulk Shishyavrutti Yojana (EBC)	≤ ₹8 lakh/year	100% tuition + exam fee	100% if income ≤ ₹2.5L; 50% if ₹2.5-8L
Open — no EWS certificate	No dedicated waiver scheme	—	Not covered	Not covered

In practice: A Maharashtra-domicile girl admitted to a government MBBS seat through CAP pays little to nothing in tuition fees if she belongs to SC/ST/VJ-NT (any income), or to OBC/SEBC/EWS with family income up to ₹8 lakh. Open-category girls without an EWS certificate, or with family income above ₹8 lakh, are not covered by these waivers and pay the standard Open-category fee.

How the Schemes Work

- Secure admission first** — the waiver is applied only after you are allotted a seat through DMER CAP counselling (state quota, government/government-aided college).
- Register on MahaDBT** (mahadbt.maharashtra.gov.in) — apply for the scheme matching your category: EBC (Rajarshi Chhatrapati Shahu Maharaj), OBC Girls Tuition Fee Scheme, or SC/ST Post-Matric Scholarship.
- Upload documents** — caste/category certificate (where applicable), income certificate (Tehsildar, < ₹8 lakh), domicile certificate, CAP allotment letter, Aadhaar-linked bank account.
- College verification** — the college confirms your admission and category on the portal.
- Reimbursement** — tuition and exam fees are reimbursed/waived directly; you generally do not pay the waived portion upfront, though some colleges have in practice asked students to pay first and claim reimbursement later (see caution below).

What These Schemes Do NOT Cover

- Hostel fees, mess charges, caution deposits, and university/exam-body charges outside the tuition & exam fee head
- Private medical colleges and Deemed Universities are largely **excluded** — these schemes apply mainly to Government and Government-aided institutions admitted via CAP
- Students already receiving another scholarship/stipend for the same purpose are generally not eligible to double-claim
- Renewal each year usually requires minimum attendance (≈50%) and passing the previous year, with no more than a 2-year academic gap

Practical caution: Implementation gaps have been reported — some self-financed/aided professional colleges (particularly AYUSH and physiotherapy institutes) have asked eligible girl and EBC students to pay full fees upfront, citing delays in government reimbursement. If a college demands full payment despite your eligibility, escalate through the CET Cell grievance portal and keep all receipts for reimbursement claims.

Quick Eligibility Snapshot

Your Profile	Expected Government MBBS Tuition Outcome
SC / ST / VJ-NT girl (any income)	Fully waived (nominal fee only)
OBC / SEBC girl, income ≤ ₹8L	Fully waived
Open category girl with EWS certificate, income ≤ ₹8L	Fully waived
Open category girl, income > ₹8L or no EWS certificate	Full fee payable (~₹1,62,100/year)
Any boy (Open/OBC/EWS), income ≤ ₹2.5L	100% waiver (govt institutions) under EBC scheme
Any boy (Open/OBC/EWS), income ₹2.5-8L	50% waiver

SC/ST/VJ-NT candidates (any gender) are separately and fully covered under existing caste-based reimbursement schemes, independent of the girls'-specific schemes above.

READ FIRST

Important Note Before You Begin

Understanding how to use this guide correctly

There is **no fixed All India Rank (AIR)** or Maharashtra State Rank that guarantees a government MBBS seat every year. The cutoff changes based on:

NEET paper difficulty

Number of candidates

Seat matrix

Counselling trends

Disclaimer: All figures in this guide are indicative planning estimates based on recent (2025) counselling trends. They are **not official cutoffs**. Actual 2026 closing ranks will be confirmed only after Maharashtra CAP / MCC counselling is completed. SC, ST, OBC, EWS and female candidates each have separate closing ranks, which can differ significantly from the General category figures shown here.

Quick Reference — College Tier vs Approx. NEET AIR (Open Category, Maharashtra)

Type of Government College	Approx. NEET AIR
KEM Mumbai, Grant Medical College, LTMMC Sion	Under 3,000 – 6,000
BJ Medical College Pune, GMC Nagpur	6,000 – 10,000
Mid-tier Government Colleges	10,000 – 20,000
Newly established / less competitive Government Colleges	Up to 40,000 – 48,000

Maharashtra State Rank — Quick Guide

There is no official universal conversion from AIR to State Rank, since State Rank depends only on Maharashtra domicile candidates and changes every year. Use this only as a rough guide:

State Rank	What It Typically Means
Under 1,000	Top government colleges
Under 3,000	Good chance at major government colleges
Under 6,000	Good chance at many government colleges
Up to ~10,000 – 12,000	Possible in lower-closing government colleges, depending on category & round

SCORE BAND**NEET Score 213 – 300**

General (Open), SC and ST categories — Maharashtra domicile

A score of **213** for the General category is only the **qualifying cutoff** — it makes you eligible to sit in counselling, but it does **not** mean you are competitive for an MBBS seat.

General (Open) Category

Option	Chance
Government MBBS (Maharashtra)	Practically no chance
15% All India Quota Government MBBS	No realistic chance
Private MBBS colleges on merit	Generally no
BDS, AYUSH (BAMS/BHMS/BUMS), B.Sc. Allied Health	Possible

For Open category in Maharashtra, government MBBS seats usually require well above **500 marks**, and many colleges close even higher depending on the round.

SC / ST Category — Government MBBS Chance

NEET Score	Chance
213 – 300	Very low
300 – 400	Low, possible only in exceptional/later rounds
400 – 500	Fair chance (varies SC vs ST)
500+	Good chance, especially State Quota

ST cutoffs are generally **lower** than SC cutoffs, so an ST candidate has comparatively better chances at the same score — but 213–300 is still unlikely to secure a government MBBS seat in a typical year.

SCORE BAND

NEET Score 300 – 400

Open, SC and ST categories — Maharashtra domicile

Open (General) Category

NEET Score	Government MBBS	Private MBBS	Deemed University
300 – 330	Almost no chance	Possible in some higher-fee seats	Possible if budget permits
330 – 350	Very unlikely	Limited chances	Possible
350 – 380	Very low chance	Better chances in some colleges	Good chance if budget permits
380 – 400	Difficult, remotely possible if cutoffs fall	Good chance in several colleges	Good chance

For the Open category, recent trends indicate **300–400 marks are generally not sufficient** for a Government MBBS seat via the 85% Maharashtra State Quota. BDS, BAMS, BHMS and other health science courses become much more realistic at this range.

SC Category (Maharashtra Domicile)

NEET Score	Government MBBS Chance
300 – 330	Very low
330 – 360	Low
360 – 390	Moderate
390 – 400	Fair to good, depends on college/round

ST Category (Maharashtra Domicile)

NEET Score	Government MBBS Chance
300 – 320	Possible in lower-closing colleges
320 – 350	Moderate
350 – 380	Good
380 – 400	Very good

Recent analyses for Maharashtra suggest expected government MBBS cutoffs of roughly **440 marks for SC** and **340 marks for ST** — estimates only; actual scores vary by college, round and competition.

Practical Advice — SC Candidate

- 300–340: Don't rely on a government MBBS seat
- 350–400: Keep government colleges in your list, but include private colleges as backup

Practical Advice — ST Candidate

- 300–320: Still a possibility, especially in later rounds
- 350–400: Realistic chance of a government MBBS seat

SCORE BAND

NEET Score 400 – 500

Open, SC and ST categories — Maharashtra domicile

Open (General) Category

NEET Score	Chance	Expected Situation
400 – 425	Very unlikely	Difficult; private options more realistic
425 – 450	Low chance	Possible only in lower-demand colleges / later rounds
450 – 475	Borderline	Some chance in newer / less-preferred colleges
475 – 500	Moderate chance	Becomes possible, especially in later rounds

Top colleges (KEM Mumbai, Grant Medical College, BJ Pune, GMC Nagpur) usually require much higher scores/ranks — 400–500 is generally not enough. **Newer / less-preferred colleges** may become competitive around 470–500 depending on the year.

Approximate Rank Range (very rough estimate)

Marks	Possible AIR Range (approx.)
400	Around 1 – 2 lakh+
450	Around 80,000 – 1 lakh
500	Around 50,000 – 70,000

SC Category (Maharashtra State Quota)

NEET Score	Chance
400 – 420	Borderline — later rounds / newer colleges
420 – 450	Moderate chance
450 – 480	Good chance in many colleges
480 – 500	Very good chance

ST Category (Maharashtra State Quota)

NEET Score	Chance
400 – 420	Good chance
420 – 450	Very good chance
450 – 500	Excellent chance

Key takeaway at 500 marks: SC candidates have a strong chance at many government colleges (though top Mumbai/Pune colleges may still be tough); ST candidates are in a very strong position across many government colleges.

SCORE BAND

NEET Score 500 - 700

Open (General) Category — Maharashtra domicile

500 - 600 Marks

NEET Score	Chance	Situation
500 - 520	Borderline	Possible in lower-preference / newer colleges, later rounds
520 - 550	Good possibility	Chances improve for newer / peripheral colleges
550 - 580	Good chance	Many government colleges become realistic
580 - 600	Very good chance	Strong position for government MBBS

600 - 700 Marks

NEET Score	Chance
600 - 620	Very good chance
620 - 650	Strong chance for good colleges
650 - 680	Excellent, including top colleges
680 - 700	Outstanding — among top ranks

College-Wise Expectation (Open Category)

600 - 630 Marks

- GMC Nagpur
- GMC Chhatrapati Sambhajnagar
- GMC Miraj
- GMC Solapur
- GMC Kolhapur, and other established/newer colleges

630 - 700 Marks

- 630-660: BJ Pune, Grant Medical Mumbai, LTMMC Sion, Nair Hospital
- 660-700: Seth GS Medical/KEM, Grant Medical & Sir JJ Group, BJ Government Medical College

Approximate AIR Expectation

Marks	Possible AIR Range
500	~50,000 - 80,000
550	~25,000 - 50,000
600	~10,000 - 25,000
630	~5,000 - 15,000
650	~2,000 - 8,000
680+	Usually among very high ranks

Final assessment, Open Category: 600+ → Government MBBS highly realistic | 630+ → Good government colleges possible | 650+ → Top government colleges realistic | 680+ → Very strong chance for premier colleges.

Maharashtra MBBS admission runs through the **State CET Cell** counselling process — allotment depends on NEET rank, category, domicile eligibility and choice filling.

DEEMED UNIVERSITIES

Deemed University MBBS Admission — Maharashtra

Counselling via MCC (Government of India), not the State CET Cell

A Deemed University medical college is different from a Maharashtra Government or Private college. Admission is **not** conducted by the Maharashtra State CET Cell — it is conducted through the **MCC (Medical Counselling Committee)**, which handles 100% of MBBS seats at Deemed Universities across India.

Dr. D. Y. Patil Vidyapeeth

MGM Institute of Health Sciences

Datta Meghe Institute (DMIHER)

Bharati Vidyapeeth (Deemed)

Eligibility

- NEET UG qualification
- Minimum PCB percentage as per NMC rules
- Valid NEET rank & registration in MCC counselling

Maharashtra domicile is NOT required — a student from any state of India can apply for Maharashtra's deemed universities.

Counselling Process — Step by Step

1. **NEET Result:** Check your AIR and decide on government/private/deemed options
2. **Register on MCC portal:** Personal details, NEET details, documents, counselling fee, security deposit
3. **Choice Filling:** Select colleges by preference — you can choose colleges across India
4. **Seat Allotment:** Based on NEET AIR, your choices, and seat availability (no Maharashtra state-quota advantage)
5. **Reporting:** Pay fees, submit documents, complete admission

Reservation

Most deemed university MBBS seats have **no Maharashtra domicile reservation**; admission is mainly on NEET merit through MCC. SC/ST/OBC/EWS benefits differ from government colleges and follow MCC rules.

Expected NEET Score Requirement (Approximate)

NEET Score	Deemed University Chance
300 - 400	Difficult; limited options
400 - 450	Possible depending on year
450 - 500	Good possibility
500 - 550	Very good options
550+	Many reputed colleges possible

Approximate MBBS Fees Comparison

College Type	Approx. Total Tuition Fee (Full Course)
Government College	₹5 - 8 lakh
Maharashtra Private College	₹50 lakh - ₹1 crore+
Deemed University	₹70 lakh - ₹1.5 crore+

Hostel, mess and other charges are extra. Deemed university fee structures are set independently, while Maharashtra private college fees are FRA-regulated.

DEEMED UNIVERSITIES

2026 Prediction Table — Maharashtra Deemed Colleges

Approximate seats, fees and expected NEET score range (subject to change post-counselling)

College	Location	Seats	Fee / Year	Score Range	Chance
Dr. D. Y. Patil Medical College, Hospital & RC	Pune	250	₹27-30L	450+	Good
Dr. D. Y. Patil Medical College	Navi Mumbai	250	₹25-30L	430+	Good
Bharati Vidyapeeth Deemed Univ. Medical College	Pune	150-250	₹23-30L	400-450+	Good
Bharati Vidyapeeth Deemed Univ. Medical College & Hospital	Sangli	150	₹22-25L	380-430+	Good
Jawaharlal Nehru Medical College (DMIHER)	Wardha	250	₹22-25L	350-420+	Good
Datta Meghe Medical College	Nagpur	150	₹22-25L	350-420+	Good
MGM Medical College and Hospital	Chh. Sambhajinagar	150	₹20-25L	350-420+	Good
MGM Medical College	Navi Mumbai	150	₹20-25L	380-430+	Moderate-Good
Krishna Institute of Medical Sciences	Karad	200	₹20-25L	350-420+	Good
Symbiosis Medical College for Women	Pune	150	₹20-25L	500+	Competitive

Score-Wise Prediction (General Category)

300 - 350

Possible: Datta Meghe Wardha, Krishna Karad, MGM (round-dependent)

Difficult: DY Patil Pune, Bharati Vidyapeeth Pune, Symbiosis

350 - 400

Good: MGM campuses, Datta Meghe, Krishna Karad, DY Patil Kolhapur, BV Sangli

Borderline: DY Patil Pune, Bharati Vidyapeeth Pune

400 - 500

Strong chances across most Maharashtra deemed universities: DY Patil Pune/Navi Mumbai, Bharati Vidyapeeth Pune, MGM Navi Mumbai, Datta Meghe

500 - 600 & 600+

500-600: Very strong position — choose based on hospital exposure, location, fees, reputation.

600+: Government MBBS should be first preference; deemed universities become a backup.

Best Deemed Universities in Maharashtra (Overall Preference)

1. DY Patil Pune — excellent infrastructure, large hospital exposure
2. Bharati Vidyapeeth Pune — old reputation, good clinical exposure
3. DY Patil Navi Mumbai — Mumbai location advantage
4. Datta Meghe Wardha — large hospital setup
5. Krishna Institute Karad — established medical institute
6. MGM Navi Mumbai / Aurangabad — good options depending on preference

COMPARISON

Deemed University vs. Private Medical College

Two very different admission routes within Maharashtra

Deemed Universities → Admission through MCC NEET UG counselling (All India). Maharashtra domicile is **not** required.
Maharashtra Private Colleges → Admission through Maharashtra State CET Cell (CAP). Domicile benefits apply for state quota seats.

Factor	Deemed University	Maharashtra Private College
Counselling Authority	MCC (All India)	Maharashtra CET Cell (CAP)
Domicile Required	No	Required for state quota
Competition	All India	Mostly Maharashtra + eligible candidates
Seat Type	Mostly open merit via MCC	State quota + institutional/NRI quota
Fees	Higher	Usually lower for state quota
Hospital Exposure	Usually very good	Depends on college
ROI	Moderate to low (high fees)	Better if you get a state quota seat

Fee Comparison (Approximate)

Category	Annual Tuition Fee	Approx. Total MBBS Cost
Government Medical College	₹1-2 lakh/year	₹5-10 lakh
Private College (State Quota)	₹8-17 lakh/year	₹45-90 lakh
Deemed University	₹18-30 lakh/year	₹1 crore-₹1.5 crore+

College-Level Snapshot — Deemed Universities

College	Fee/Year	Expected Score	Hospital Exposure	ROI
Dr. D. Y. Patil Vidyapeeth, Pune	₹25-30L	400-500+	★★★★★	★★★
Bharati Vidyapeeth (Deemed), Pune	₹25-30L	400-500+	★★★★	★★★
Datta Meghe Institute (DMIHER)	₹20-25L	350-450+	★★★★	★★★★
MGM Institute of Health Sciences	₹20-25L	350-450+	★★★★	★★★
Krishna Institute of Medical Sciences	₹20-25L	350-450+	★★★★	★★★★

College-Level Snapshot — Maharashtra Private Colleges

College	Fee/Year (State Quota)	Expected Score	Hospital Exposure	ROI
K. J. Somaiya Medical College & RC	₹10-15L+	500+	★★★★★	★★★★★
MIMER Medical College	₹11-12L	450-550	★★★★	★★★★
Terna Medical College	₹8-10L	400-500	★★★	★★★★
NKP Salve Institute of Medical Sciences & RC	₹12-15L	450-550	★★★★	★★★★
Smt. Kashibai Navale Medical College	₹12-15L	450-550	★★★★	★★★★

Score-Wise Decision (General Category)

NEET Score	Government MBBS	Private (State Quota)	Deemed University
300 - 400	Very difficult	Difficult	Possible
400 - 500	Borderline	Possible	Good chance
500 - 600	Good possibility	Very good	Excellent
600+	First preference	Only if you want location/college	Usually not financially attractive

If You Get a Private College (State Quota)

- Better ROI
- Lower fees
- Good clinical exposure in many colleges

If You Choose a Deemed University

- Better infrastructure
- Easier admission at lower NEET scores
- All-India opportunity
- Very high fees

Plan Your MBBS Journey with Confidence

Jnex Education helps students and parents navigate NEET counselling, college selection, and admission documentation across Government, Private and Deemed medical colleges.
